SKILLS

Programming Languages: C, C++, Java, python

Web Development: HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, React.js

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, Operating System, DBMS

Tools & Technologies: Git, GitHub, SQL, REST APIs, vercel, Netlify, Vibe Coding

CERTIFICATES

Programming in Java — NPTEL IIT Kharagpur

<https://drive.google.com/file/d/1-zP-hk0g5T-5KKyxkFqU-6DDKrDV8wVv/view?usp=sharing>

Successfully completed the **12-week NPTEL Programming in Java** certification.

LANGUAGES

English

Professional Working Proficiency

Hindi

Native or Bilingual Proficiency

INTERESTS

Web & Software Development

Data Structures & Algorithms

Exploring New Technologies

Problem Solving And Building Logic

Hackathons & Real-World Projects

Mansee Asati

B.Tech CSE Student

EDUCATION

Bechlour of Technology

Baderia Global Institute of Engineering and Management Jabalpur

Sep, 2024 - Present | Jabalpur

Professional Summary

Computer Science student and aspiring Software Engineer skilled in Java, C++, DSA, and web development. Experienced in building responsive web applications and AI-integrated projects using React, JavaScript, and Tailwind CSS. Passionate about problem solving and building practical software solutions.

PROJECTS

Sootradhar — AI-Powered Industrial Knowledge Intelligence

Deployed Link : <https://sootradhar.vercel.app>

Developed an AI-powered platform that processes industrial documents, extracts relevant information, and enables intelligent knowledge retrieval. Integrated **RAG and LLM-based capabilities** with a knowledge graph to support contextual answers and operational insights.

Tech Stack:

▣ Next.js, React, Python, AI/LLM, RAG, Neo4j

OptiStock — AI-Based Inventory Management

Deployed Link: <https://adorable-capybara-d5f2ae.netlify.app/>

Built an inventory management application focused on monitoring stock, organizing product information, and supporting smarter inventory decisions through AI-assisted functionality. Designed a responsive and user-friendly interface for efficient inventory management.

Tech Stack:

▣ React, JavaScript, TypeScript, Python, AI Integration

ShopKart — E-Commerce

Developed a responsive e-commerce web application with product browsing, organized product displays, and interactive user interfaces.

Tech Stack:

▣ React, JavaScript, Tailwind CSS

ACHIEVEMENTS

Programming in Java — NPTEL & IIT Kharagpur

Achieved 100% score and Gold Certificate. Ranked among the Top 1% of certified learners in the course Nationally.

Jan, 2026 - Apr, 2026

ET AI Hackathon 2026

Selected for Phase 2 with Sootradhar, an AI-powered industrial knowledge intelligence platform using RAG, LLMs, and knowledge graphs.
